

HIGHLIGHTS:

- ✓ Improves visibility around gate
- ✓ Easy assembly, no electrician required
- ✓ LED retainer tracks attaches to any surface
- ✓ Tough IP68-rated LED strips
- ✓ Versatile, programmable LED Controller

SWING GATE LIGHT KIT

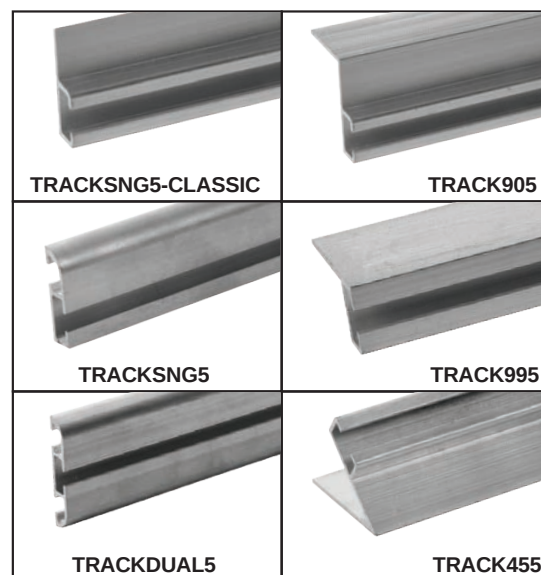

The **Swing Gate Kit** wires into all common swing gate operators. Our patented LED Controller detects the open and close signals from the gate operator and responds by changing the lights. Industrial grade LEDs are solid red when the gate is fully closed, flashing red when in motion, and solid green when fully open. LEDs can flash amber prior to closing to notify drivers of impending (timed) gate closure.

Increase gate visibility for drivers, bicyclists and pedestrians, especially at night!

LED RETAINER TRACK OPTIONS

ITEM CODE	VERTICAL 5' LED	HORIZONTAL 15' LED	HARNESS	TRACKs (2.5')*
SWINGGATE-SINGLE	1	1	HARNESS20 (1), HARNESS40 (1)	8
